

## PRODUCT INFORMATION

### Night vision device MINOX NV 351

New MINOX night vision device provides safety at the night

**M**INOX binoculars and spotting scopes are extremely popular thanks to their very high quality. They offer top performance with a very respectable cost/benefit ratio. With its new model NV 351 MINOX is introducing another powerful product into the range of night vision devices.

From twilight into the deep night when the human eye and high-power binoculars reach their optical limits the MINOX NV 351 night vision device has a decisive advantage: its state-of-the-art illuminator technology shows up objects that are otherwise not perceived by the eye of the viewer. Whether for night-time expeditions, observation for hunting purposes and game management or just for one's own personal safety.

#### Leads the way in the darkness

The light-amplifying illuminator of the MINOX NV 351 provides perfect orientation at night and a clear image – even if there is no moon and just the brightness of stars. With a 2.5 x magnification and a range of up to 70 meters it is even possible to pick up far-off objects in the night. The NV 351 also accommodates for people wearing glasses with an eyepiece designed to show the entire field of view.

Technical Data	NV 351
Magnification	2,5 x
Front lens diameter	40 mm
Exit pupil	15 mm
Viewing distance	approx. 70 m
Focusing range	1 m to infinity
Diopter compensation	+4 bis -4 dpt
Power supply	Lithium Battery CR 123 A
Operating temperature	-30° C to +50 ° C
Dimensions	170 x 79 x 50 mm
Weight	approx. 335 g
Order number	62410

Particularly light and compact the NV 351 allows noise-free and discrete observation – and just using one hand. Thanks to its robust and weather-proof design it stands up to any weather conditions and temperature fluctuations

from –30° to +50° C. The new MINOX NV 351 comes with case and batteries.

#### Durable, reliable and safe:

- 2,5 x magnification
- High-power illuminator
- Range up to 70 meters
- Lightweight, compact and handy
- Robust and reliable
- Tripod socket
